Dear Customer,

In today's internet driven world, more and more companies and people are turning away from snail mail and paper checks as a way of doing business. That way of paying bills is outdated, outmoded, and frankly far too slow. It wastes money, time, stamps, and checks.

E-billing is the new and environmentally friendly way you can pay your bill. Instead of receiving a paper invoice through the mail, we will charge your account electronically and notify you of the payment via email.

Sincerely,

Customer Service
Armet Alarm & Electronics, Inc.

If you would like to start paying your bill electronically please sign and return this form with your signature.
